## 1 Overview

In the Shopware Backend, it is not possible to determine quickly and conveniently in the order overview, without looking at the order in detail, which goods of the order are in stock with little or no stock. That's where this plugin comes in. After the installation you receive this important information right beside each order in the form of an icon.

The following icons are displayed:

- **RED:**  
The purchase order contains goods that have stock less than or equal to zero.
- **ORANGE:**  
The purchase order contains goods that are in stock between 1 and 5.
- **GREEN:**  
The order can be shipped. Goods are in stock.

The stored values are stored as default in the plugin backend.

If other values are required in the order overview, the quantities can be changed in the plugin configuration. (Fig.1)

Fig.1 - Configuration of warehouse stock possible.

## 2 Installation

Install the plugin using the Plugin Manager (details on the Plugin Manager can be found in the [Shopware Wiki](#)).

## 3 Using the plugin

After the installation no further steps are necessary. As soon as you open the order overview, the display is on the right side. (Fig. 2)

Bestellnr	Betrag	Transakt	Zahlung	Versand	Shop	Kunde	E-Mail	Aktueller Bestellst	Aktueller Zahlungs	Lagerbestand	
2000	0.00	100	100	100	100	Customer 1	<a href="#">mailto:customer1@shopware.com</a>	0000	0000	●	  
2001	100	100	100	100	100	Customer 2	<a href="#">mailto:customer2@shopware.com</a>	100	100	●	  
2002	100	100	100	100	100	Customer 3	<a href="#">mailto:customer3@shopware.com</a>	100	100	●	  
100	100	100	100	100	100	Customer 4	<a href="#">mailto:customer4@shopware.com</a>	100	100	●	  
100	100	100	100	100	100	Customer 5	<a href="#">mailto:customer5@shopware.com</a>	100	100	●
